NATIONAL LEAGUE.

ST. LOUIS, March 1.-The base ball magnates of the National League were tired out with their late session of last night, and it was long after 10 o'clock, the hour set for the convening, that they came together. Very little business they came together, was transacted at the morning session, it pertained to the telegraph and railfoad matters. The telegraph question was settled by allowing each club to do business with whatever telegraph company is thooses. The railroad committee not having closed arrangements with the railroad companies for rates. railroad companies for rates nued in office indefinitely.

Bursh, chalirman of the committee, presented the report, which embodied communications from base ball, magnates, umpires, members of the press and others interested in the national game. These communications showed the necessity of adopting some measure to do away with the cvil. All e club representatives present in favor of such action, but dif-

perse, twenty-three regulations of some length are appended.

The measure provides that the regu-lations shall be explained to and read every player and employe in the by every player and employe in the league, who shall then be; obliged to sign them for the purpose of showing that this legislation has been brought to their attention. The penalties for using obscene, indecent or vulgar language within the meaning and intent of this regulation is netirely within the discretion of the "board of discipline." The first tribunal under this provision shall be composed of L. C. Krauthoff, of Kansas, who shall be selected to serve three years; Louis Kramer, of Cincinnati, who shall serve two years, and Frederick K. Stearns, of Detroit; Mich, who shall serve one year, and beginning with 1899 and each year thereafter there shall be one member elected to serve three years.

If a player under suspension pending investigation should be acquitted by the tribunal, his salary shall be paid by the president of the league for the time he was under suspension.

BOXING.

Charlle Burns yesterday got down to 140 pounds, the weight required for his twenty-round contest with "Buck" Stelzer, at the Bridgeport opera house to-morrow night. Burns looks to be in tip-top condition, and is as hard as iron. He has indeed, trained earnestly for this battle, but will take it easy from now on. He was assisted in his work by his brother, Harry, a magnificent specimen of physical manhood, facent specimen of physical manhood, and who was with several circuses doing acrobatic work, at which he is pretty fine. The two brothers sparred and wrestied every afternoon at the Beabout club in the presence of several admirers, and Charlie hanged his big brother around prebty lively. Charlie's road work was also a prominent fearant, and a great factor in putting him in such excellent condition.

There promises to be a big audience see the Burns-Stelzer battle; and the Bridgeport club reports many inquiries for acats. Stelzer men seem to be in the majority on the other side of the river, owing to Stelzer having boxed over there. Burns' popularity ensures him a great reception when he enters the ring; and the Anadores are thinking of giving him flowers. The preliminaries arranged for the occasion will all be of a high class order.

CHICAGO, March 1.-Frank Hill will go to prison to save his brother. His friends have informed the state's attorney that the young man intends to accept punishment in order to keep his brother, Robert J. Hill, from the pent-

brother, Robert J. Hill, from the pententiary.

The latter is now under sentence, having been convicted of robbing a saloon. At the trial several witnesses testified positively that Robert J. Hill was one of the robbers, while two witnesses said Frank Hill was the man. The brothers look very much alike, and it would be an easy matter to confuse their identity. It is arranged that the witnesses who identified Frank Hill during the trial shall go before the grand jury and procure his indictment. If he pleads guilty, as it is said he will, the act will release Robert J. Hill.

BENWOOD.

Breezy News Hems tombered in the Busy Marshall County Town.

Yesterday's Register contained a lengthy discourse on the lack of har mony in the Republican ranks, and failed to see that the eagerness of the candidates to get in the band wagon was because Republican victory is assured all down the line. But a new wrinkle has appeared on the moon. Robert Truax will do battle with Thomas Deegan at the Democratic primaries on Saturday, for the nomination for mayor, and Deegan's walk over is thus cast into oblivion. It is not Truax's candidature that's in the discussion, but the way his entrance into the field threw grape shot and cannister into "Democratic harmony." Truax's friends are assailing Deegan right and left about his connection with the electric light company, in paying men poor wages, and in voting to give a paving contract to Wat Dugan, claiming thereby that low wages also resulted for laboring men. These charges probably contain nothing worthy of consideration, but the Truax men are using them to defeat Deegan, and while it is none of the Republicans' business, yet the Republicans are enjoying this display of "Democratic harmony." because Republican victory is assured

No suit has yet been entered, or notices to move been served on the people who live on the property on "Ken-tucky Heights," belonging to the men who recently purchased the ground, despite the impression left by the warring of a morning and evening paper over the matter, and it is amusing to note how the morning paper describes as sensational, something that appeared in its own columns several weeks ugo.

A REGISTER FAKE.

In the recent Republican primaries held at Benwood, at which an excellent ticket was nominated, two councilmante candidates were selected from each ward. In the Second ward Mr. W. B. Leach and Mr. Paul Riedel were the only suggestions, but Mr. Leach received about a dwzen more votes than Mr. Reidel. Yesteriay's Register, in speaking of the matter, made the false asertion that "some of the temperares Mr. Reidel. Yesterday's Register, it speaking of the matter, made the false assertion that "some of the temperance friends of W. B. Leach showed an unparty-like split by scratching the name of Paul Reidel because the latter is a saloon-keeper," and that "it is reported in the election the Leach men propose to again eacrifice Riedel for the purpose of making the election of their own can-didate more likely." Mr. Leach said yesterday that the statement was untrue, that Mr. Reidel was one of his best friends and that to his knowledge not friends and that to his knowledge not one of his supporters had opposed Mr. Reidel. The Register's malicious effort to create discord in the ranks of Ben-wood Republicans will prove unavalling as the party is united and confident of
